My email is with Gulf Power, a Southern Company of which I am a customer, for 45 years, and I can say that there service is well received from our older folks(age 86).

Thank you
Eva C. Oldham

Dear Ms. Oldham:

Thank you for contacting the Florida Public Service Commission.

In order to process your request we need to know the name of the company whose rates you are protesting and if you are a current customer of record.

You may send this information to me via e-mail at contact@psc.state.fl.us

Sincerely,

Ruth McHargue

Regulatory Program Administrator

Office of Consumer Assistance and Outreach

Florida Public Service Commission

Note: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are considered to be public records and will be made available to the public and the media upon request. Therefore, your e-mail message may be subject to public disclosure.

Subject: Escabia County Electricity Rate Increase

I worked for the DOD 20 years and better at mid-night shift. Little did I know that they owe me quite a bit of money for making thousands and thousands of checks for working the mid shift. I get my one retirement check. No pay raise in the past three years, yet everyone is raising their income, and my check keeps getting smaller and smaller. There is nothing I can do. Can you be my

avenger and say no pay raises to the Fla Electric. I think I know why they want the raise. They plan to connect a lot of their above wiring to the Solar System. It's a good idea, but the type of storms we get would tear off the panels in nothing flat. I do not get SSI. There I got booted in the butt again. The above problems with the wiring in Florida is there problems, not 86 yr old vet who has lived in the same house for 45 years. Florida Electric & all businesses should find a better way to get there pay increase.s besides hitting poor peoples budgets. Thank you for you help. Eva C. Oldham
