Comments:

Concerning Docket no. 160101. We in Summertree are being abused by the outlandish rates you have approved for Utilities, Inc. We are senior citizens, many living on social security alone. My We are 2 people who use inside water only (outside watered by well. Our last water bill was \$120.00 My friend in Poinciana has a pool and does his outside watering and his bills are under \$40.00. I dont blame Utilities, Inc. They are a Company who is supposed to maximize profits. This is on you. SHAME.

Comments:

Why is UIF constantly flushing the water system in Summertree, New Port Richey, FL. UIF should not have to use their tech at all for Flushing the system. We now have county water, and I am very happy with the condition of the water. I believe that U.I.F. should sell out to the county. We in Summertree would have great reduction in the cost. I was on county water before moving to Summertree and never, never had prices such as what we have now.

Comments:

it is not right to raise our water fees. we are all on a fixed income and this is a hardship for most of us. please consider this
