Subject: Docket number 160186-EI

To whom it may concern:

I am the Head of School at local private school in Pensacola. It seems to me that this increase will hurt those people most in need of help. An across the board increase that is not related to usage by nature hurts those most vulnerable. I teach my students that all people are equal. When companies knowingly increase utility bills that will certainly hurt the poor--the message is clear! They are not being fair to all.

I compassionately ask that you deny this increase.
