Subject: Gulf Power Rate Increase docket number 160186

I am a retired senior citizen and I am against this proposed rate increase. My wife and I are living in a energy efficient house with no heat or air running right now and my electric bill is averaging \$145 a month. I am beginning to think that there is something wrong with my meter. This increase would add around \$15 a month to my bill and we are on a fixed income.
