COMMISSION
CLERK

RE: "Docket NO. 160165-SU-ESAD Enterprises, Inc."

To Whom it may Concern:

Thank you for the opportunity to express my opinion about the rate increase for the ESAD Beaches Sewer Systems at Port St. Joe Beach, FL.

First, I am unable to attend the meeting on March, 9, 2017. Due to illness and doctor's appointment, test and possible surgery on this date.

I am a retired widow senior and cannot afford a price raise on my sewer bill, therefore, I vote NO for raising the price. I think it is now a fair price just for sewage.

Concerns: I live at 8210 Pelican Walk Lane, Port St. Joe, FL. The holding ponds for the Sewage Plant is right behind my house. "I believe" that the water from the pond is seeping underground in my back yard. When it is real dry, I still have water standing in my back yard.

"Continued" page 2

(2)

It smells and it has grass and plants that have died. I reported this to the Commission and nothing was done. After neighbors complained about the smell, ESAD; during a dry spell this past summer; scraped the ponds out, but when the rains came back, the problems were the same.

I invite anyone to come out and see for themselves. Any help would be appreciated.

Thank you again for this opportunity.

Sincerely,

Louise P. Chapman
