Pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code, Gulf Power Company (GPC) requests confidential classification of certain portions of its response to staff's 13th set of interrogatories (Nos. 413 and 418).

With regards to GPC's response to interrogatory No. 413, GPC's response contains information relating to competitive interests. This information includes GPC's needs and strategies regarding the potential acquisition of land and property rights. Disclosure of this information could impair GPC's ability to purchase or obtain land and property rights at fair and reasonable prices. Staff has reviewed GPC's request and recommends that the information requested in interrogatory No. 413 meets the criteria for confidential classification pursuant to Section 366.093(3)(e) F.S.

With regards to GPC's response to interrogatory No. 418, GPC's response contains information relating to contractual data and competitive interests. The information identified in the listed file includes GPC's needs and strategies regarding the potential acquisition of land and property rights. The information identified within the files also contains economic analyses performed by GPC relating to future generation resource options at various sites within GPC's service area. The disclosure of any or all of this information would negatively impact GPC's ability to negotiate contractual terms favorable to its customers in future contracts, and put GPC and its customers at a competitive disadvantage when negotiating for the purchase or sale of energy and/or capacity. Staff has reviewed GPC's request and recommends that the information requested in interrogatory No. 418 meets the criteria for confidential classification pursuant to Section 366.093(3)(d) and (e) F.S.
