I see minimal maintenance and updating of my community's utility system even though my rates continually increase.

I oppose Docket No. 160101-WS Utilities, Inc. of Florida consolidated rate case due to its overwhelming impact on my utility rates.

Other Comments:

A rate increase of over 100% is absolutely  
absurd! The owner's rate of return  
should not be guaranteed - no other business  
has such a guarantee. Service is horrible,  
quality is way below average. This will  
have an extremely negative impact  
on residents' / HOA's  
finances and neighborhood  
appearance (residents  
will not water lawns).
