Re: Deer Creek RV Golf & Country Club (Docket #160248-WS)

To whom it may concern,

I recently received a supplemental notice regarding an application by the Deer Creek RV Golf & Country Club to operate a utility for water and wastewater service.

Though I understand the interest by Deer Creek to become a utility I have serious concerns about their ability to operate such a utility at the present time and with the current board of directors. These people may be very nice but I believe that they are not competent to efficiently and fairly operate a utility to provide water and wastewater services to their own property much less the expanded area described in the legal notice.

I trust you are aware that they are currently being sued by at least three different Resident groups within the Deer Creek resort. These are three separate law suits alleging all sorts of violations of agreements and legal documents and financial mismanagement.

Thank you for your attention to this matter.

I am remaining anonymous in this letter for fear of reprisals.

Seasonal resident
Deer Creek
