---

On Monday, March 20, 2017, Document 03709-17, direct testimony of Patti B. Daniel and Exhibits PBD-1 through PBD-3, were filed in the above-referenced docket. Due to scrivener errors, there are two corrections that need to be made on Exhibit PBD-1, Page 1 of 1. Both of the corrections are numbers in the Average Household Size column. The first correction is for the Mid-County system, instead of the 2.65 average household size, it should be 2.04. The second correction is for Sandalhaven system, instead of 2.57 average household size, it should be 1.86. Attached is the Revised Exhibit PBD-1, page 1 of 1, which reflects corrections made under the Average Household Size column.
