notes

Dear Public Service Comm.,

On May 8th you will have a customer service hearing which I will be unable to attend, but would like you to hear from my side of this issue. Please remember one letter equals about 1000 people who are in the same boat and will be adversely affected by this situation.

I live in Wekiva, a Toyota Nissan, pick-up truck, middle-class neighborhood, (not Sweetwater, a Tesla, Lexus-type community).

Thirty years ago I moved to

notes

Wekiva for the great school system, (and it still is!) I worked hard all my life, raised my children to the best of my ability, (despite the fact my husband died when my kids were 12 & 18), got them through college, etc.

So, now I am retired, my home is paid off finally and I thought I'd be able to live where I love to, in my safe/secure neighborhood home. (My "one" bucket list item.)

But... here comes some big bad Canadian

notes

Company and ^{it} is going to
take away my dream, ruin
my plan for my life that I
worked and sacrificed and
deserve to have; by upping our
water bills 158%. Tell me,
how would you feel? As I
said there are many of us
hurt by this.

Please help us, we need
a hero, be it.

Thank you,

Sincerely,

Gyl Cerchiai
