Dear Commissioners,

I see that you voted to RAISE our electricity rates with Gulf Power. It would be refreshing to see you vote in favor of the TAXPAYERS instead of always siding with big companies. I know that each of you are well educated, so here's a question for you. How much is 100% of nothing ? Seems to me that we're paying you with our tax dollars to work against us

instead of working for us. We will have to pay the rate increase because we don't have a choice. Gulf Power has a monopoly on our electric energy. I'm sure my message will fall on deaf ears and you will continue to get paid a lot of money to shaft us taxpayers. I appreciate you taking time to hear my frustration. I'm sure Gulf Power paid you handsomely for your favorable vote.
