Questions About the Competitive Markets

6. Have you experienced any significant barriers in entering Florida's local exchange markets? Please describe any major barriers encountered that may be impeding the growth of local competition in the state, along with any suggestions as to how to remove such obstacles. Any additional general information is welcome.

No significant barriers to entry.

7. What types of customers do you pursue/what does your typical customer look like?

MCC serves residential; small and medium businesses; and enterprise customers.
MCC predominantly serves customers in small and rural communities.

8. How do you compete for customers today, and how has that changed in the past five years? The past 10 years? 20?

MCC strives to offer a superior product at a low cost. MCC offers a comprehensive service bundle.

9. Other than Special Access/Business Data Services pricing, what are CLECs' main issues/challenges today?

Most challenges are related to infrastructure relating to matters such as permits, pole attachments and rights of way.

10. What decisions have the FCC and/or states made since the 1996 Federal Telecom Act that affected your company the most (good or bad)?

Decisions taken at the state or federal levels aimed at deregulating competitive services benefit competition and consumers.

11. Did your company try to interconnect via IP and/or purchase any wholesale IP services from AT&T in their IP trial central office in West Delray Beach? If so, what was your experience there?

No.

12. What can states do/what should states be doing to ensure competition for telecom services continues to grow in their state, including "best practices"?

Continuing initiatives to deregulate competitive services.

13. What do you think will be the major proceedings/decisions from the FCC over the next five years?

Uncertain.
