Subject: RE: LP Waterworks (160222-WU)

During the test year (July 2015 – Aug 2016) there were two estimates. One residential customer (Jan 2016) and one general service customer (Nov 2015). There were no repeats at any customer during the test year.

Subject: LP Waterworks (160222-WU)

Hi Troy,

I have a couple follow up questions to LP's responses to staff's fourth data request:

1. Based on your response to the ninth question in staff's fourth data request, of the 36 instances where meters needed to be estimated, how many were estimated during the test year?

If applicable, during the test year, was there any instances in which the same meter needed to be estimated more than once within a six month period?

Thank you,

Marissa Friedrich
