Good afternoon,

This is just a reminder that Oct. 1, 2016 is the effective date for the Fiscal Year 2017 Pinellas County sewer rates that were approved by the Board of County Commissioners in May 2015, as Utilities Inc. has been previously notified. The base rates listed below are “**per month**”. If your billing system does not handle rate changes in the middle of a billing cycle, then it would be effective on the first full billing period after October 1st.

Feel free to contact me with any questions or concerns. Please respond to this email as confirmation of its receipt and also let me know if there is someone else that should receive this information.

Thanks,

Vickie Tingue
