CONSUMER COMMENTS
We have had two a problem with
This company when they bought it.
They change the meters and we had
a 300 ⁰⁰ water bill, we reported it
to the comm. and receive a credit
of around 100 ⁰⁰ , other water co in
Highland county have lower bills, than
us. I believe they should make a profit
but not over charge us.
We are against this
rate increase by 100%. Please
us senior live a life without high
water & sewer bill.
