Re: Docket No. 170001-EI - Fuel and purchased power cost recovery clause with generating performance incentive factor.

Dear Ms. Stauffer:

Enclosed for filing, please find a corrected page, Bates Label FPU 01-0037, which corrects and amends the same labelled page submitted by Florida Public Utilities Company on May 19, 2017, under a Request for Confidential Classification. The highlighted, corrected page replaces the same page in the confidential document, Document No. 04942-17, which contains the Company's confidential responses to Commission Staff's First Requests for Production of Documents (No. 1-3) to the Company. Consistent with Rule 25-22.006(4), Florida Administrative Code, a confidential/highlighted copy of the referenced page is included in the envelope marked "confidential" and two redacted copies have been provided as well. Florida Public Utilities Company respectfully requests that the Request for Confidential Classification submitted on May 19, 2017, be deemed to apply to this corrected page as well, and asks that the Commission afford this corrected page confidential classification.

Should you have any questions whatsoever, please do not hesitate to contact me. Thank you for your assistance in this matter.

Sincerely,

Beth Keating
