Good afternoon,

This is an attempt to verify information in the Application for certificate to provide local telecommunications service by Real Fast Networks LLC, that was filed with the Florida Public Service Commission. Could you please verify via this email whether or not you are the President or another officer of Real Fast Networks LLC? The Applicant Acknowledgment sheet that was signed by you on January 24, 2017, has a title stating "managing member." The form must be signed by an officer of the company. In another part of the application it stated that you were the President. If you could please just clarify and verify that you are the president, this email can be entered in the docket file and will suffice for the purposes necessary. Your timely response is essential as a recommendation in the docket is to be filed tomorrow for the upcoming Agenda. I look forward to hearing from you, thank you!
