Tallahassee, FL 32399-0850

Re: Docket No. 170001-EI

Dear Ms. Stauffer:

On behalf of Florida Power & Light Company (“FPL”), I enclose Corrected Exhibit JEE-6, Avoided Fossil Fuel, to the testimony of FPL witness Juan Enjamio, which testimony was filed on March 1, 2017. This is intended to correct and replace the Exhibit JE-6 filed on March 1. The avoided oil barrel and avoided coal projections shown on the original Exhibit JE-6 used incorrect parameters for fuel heat content. With the correct fuel heat content values, the average amount of avoided oil and coal increased modestly. The corrected values are shown on Corrected Exhibit JE-6.

In addition, the March 1, 2017 testimony of FPL witness William F. Brannen contained a place holder page 9 to his Exhibit WFB-4, which noted that the “[r]endering for the Wildflower Solar Energy Center is pending.” The referenced rendering has become available, is attached hereto, and should now be inserted as page 9 to Exhibit WFB-4.

Please contact me if you or your Staff has any questions regarding this filing.

Sincerely,

s/ Maria J. Moncada

Maria J. Moncada

Enclosure

cc: Counsel for Parties of Record
