**RE: Public Service Commission
Rule 25-6.0345**

Dear Ms. Page:

I have reviewed the above-referenced rule and offer the following comments for your consideration and response:

Notice: Section 120.54(3)(a)1., Florida Statutes, requires the notice of proposed rulemaking to include whether "based on the statement of the estimated regulatory costs or other information expressly relied upon and described by the agency if no statement of regulatory costs is required, the proposed rule is expected to require legislative ratification." The published notice does not indicate whether legislative ratification is required based upon the prepared SERC. Please publish a notice to correct this omission.

25-6.0345: This rule incorporates updated copyrighted material. Copyrighted material may be incorporated by reference; however, after determining that the posting of the material would constitute a violation of federal copyright law, an agency must include in its notice a statement to that effect along with the address of locations where the public can access the material as required by section 120.54(1)(i)3.b, Florida Statutes. Please ensure that the addresses of locations and the manner in which a person may inspect and examine the copyrighted materials incorporated by reference in the rule pursuant to rule 1-1.013(5)(c), Florida Administrative Code. The rule text does not include an address at the Commission at which the material may be inspected.
