COMMISSION
CLERK

REDACTED

RE: **17-0000-TP, FCC Certification of ETCs to Receive Universal Support – Form 481**

Dear Ms. Stauffer:

The Northeast Florida Telephone Company (“NEFCOM”) submits to the Florida Public Service Commission (PSC) the attached copy of its FCC Form 481 Carrier Annual Reporting Data Collection Form. This form is being filed with the PSC in accordance with 47 C.F.R. §§54.313(i) and 54.422(c).

A copy of the Company’s financial annual report that is attached to the FCC Form 481 has been redacted. The financial annual report is entitled to confidential treatment under an FCC Protective Order.¹ NEFCOM requests that the financial information identified as “Confidential” be treated as such in accordance with Title XXVII, F.S. 366.093.

Please contact me at 512-652-7730 or Stuart.Polikoff@mossadams.com if you have any questions.

Sincerely,

Stuart Polikoff
Authorized Representative for
Northeast Florida Telephone Company

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Name of Attached Document Listing Required Information _____

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.

Name of Attached Document Listing Required Information _____

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.

Name of Attached Document Listing Required Information _____

Carrier Name: Northeast Florida Telephone Company
Carrier SPIN: 143001439
Carrier SAC: 210335
Operating State: Florida

Line 510: Service Quality Standards and Consumer Protection Rules Compliance for voice and broadband services

NEFCOM complies with the following federal consumer protection rules and regulations:

FCC 47 C.F.R. §§64.2001-64.2011 – Customer Proprietary Network Information (“CPNI”)
FTC 16 C.F.R. §681.2 – Identity Theft Red Flags and Address Discrepancies Under the Fair and Accurate Credit Transactions Act of 2003

All customer protection and disclosures established by the Fair Credit Reporting Act (15 U.S.C. §§1681, *et seq.*) and the Truth in Lending Act (15 U.S.C. §§1601, *et seq.*)

The Company has a CPNI Policy Manual detailing and enforcing the requirements of the federal CPNI rules. Each year, the CPNI Compliance Officer (1) communicates with the Company’s attorneys and/or consultants regarding CPNI responsibilities, requirements and restrictions; (2) supervises the training of Company employees and agents who use or have access to CPNI; (3) supervises the use, disclosure, distribution or access to the Company’s CPNI by independent contractors and joint venture partners; (4) maintains records regarding the use of CPNI in marketing campaigns; and (5) receives, reviews and resolves questions or issues regarding use, disclosure, distribution or provision of access to CPNI. The CPNI Compliance Officer certifies compliance annually with the FCC by March 1.

The Company has an Identity Theft Prevention Program (“the Program”) that was approved by the Board of Directors in September 2008. The Board appointed Red Flag Coordinator is responsible for updating the Program as necessary; the day-to-day supervision of the Program; training Company employees regarding their responsibilities with respect to the Program; and responding to employee questions and concerns regarding identity theft or the Program. The Red Flag Coordinator is required to annually prepare an Identity Theft Prevention Program Compliance Report for the Board’s approval by October 1. The Identity Theft Prevention Program Compliance Report evaluates the effectiveness of the Program; the nature and extent of the Company’s service provider arrangements and their impact on the effectiveness of the Program; reports any significant incidents involving identity theft and the Company’s response to such incidents; and provides recommendations to the Board for periodic reviews of the Program and the adoption of material changes and other revisions, modifications and updates to the Program.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

Carrier Name: Northeast Florida Telephone Company
Carrier SPIN: 143001439
Carrier SAC: 210335
Operating State: Florida

Line 610: Functionality in Emergency Situations for voice and broadband services

Northeast Florida Telephone Company (“NEFCOM” or “the Company”) has an Emergency Operations Plan (“EOP” or “the Plan”) that addresses the requirements for continuity of service and systematic restoration of service after loss of service due to an emergency. The EOP is administered and maintained by a member of senior management of the parent company, Townes Telecommunications, Inc., and is reviewed annually to ensure that each applicable section is accurate and any changes or updates to the Plan are made on a timely basis.

An Emergency Director has been authorized to implement the provisions of the EOP. The Emergency Director conducts training with employees and is responsible for ensuring that all new employees are provided a 30 minute overview of the Plan as part of their orientation. Specific supervisory personnel receive additional intense instructions regarding special areas of the Plan

The Plan established an Emergency Committee made up of senior management and key company personnel, who upon notification by the Emergency Director that a potential emergency exists, convene to declare an emergency, notify affected parties and assume control of restoration of service efforts.

An emergency control center is established at the Company’s business office, which is equipped with a back-up power generator and a wireless telephone set. Depending upon the severity and type of emergency and the safety of the emergency location, a control center may be established at the site of the event.

In case of power outages, batteries in the central office will last on average 8 hours depending on how many lines (AMP load) are served at that particular location. The stand-by generator has 24 hour diesel capacity and small generators are available to be put on smaller concentrators if power is lost. The small generators have to be refueled every few hours.

The Company’s standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau's 2017 reasonable comparability benchmark for voice services is \$49.51, which includes the federal subscriber line charge ("SLC").¹

In all of the exchanges served by Northeast Florida Telephone Company ("the Company"), the single-line residential local rate in effect as of January 1, 2017 was \$14.00. When the federal SLC (\$6.50) is included, the total rate was \$20.50. Therefore, the Company's pricing of fixed voice services is less than the reasonable comparability benchmark of \$49.51.

¹ *Wireline Competition Bureau Announces Results of 2017 Urban Rate Survey for Fixed Voice and Broadband Services, Posting of Survey Data and Explanatory Notes, and Required Minimum Usage Allowance for ETCs Subject to Broadband Public Interest Obligations*, Public Notice, WC Docket No. 10-90, 32 FCC Red 1358 (2017).

LINE 1030 – BROADBAND SERVICES RATE COMPARABILITY

As of January 1, 2017, Northeast Florida Telephone Company was charging a residential rate of \$49.95 for broadband providing 10 Mbps download, 1 Mbps upload, and an unlimited usage allowance. This rate is lower than \$77.98, which is the 2017 reasonable comparability benchmark for the same offering established by the Wireline Competition Bureau.¹

Line 1210: Terms and Conditions for Lifeline Program Customers

Northeast Florida Telephone Company (“NEFCOM” or “the Company”) complies with the FCC CFR 47 §§54.4, Universal Service Support for Low-Income Customers and the Florida Public Service Commission’s rule 25-4.0665 relating to Lifeline Service. The Company has developed a Lifeline Program Policy & Procedures Manual, which incorporates both the federal and state Low-Income Program requirements. Lifeline is a non-transferable retail service offering for which qualifying low-income consumers receive a \$9.25 federal discount and a \$3.50 company discount on flat rated basic local telephone service, whether it is purchased on a stand-alone basis or as part of a bundled service that includes voice and data services and optional calling features. Lifeline customers are charged a separate charge for toll calls, but are provided Toll Blocking free of charge if they elect to subscribe to the service. The Lifeline supported services are as shown below:

	NEFCOM	
Residence Access Line	14.00	
Federal SLC	6.50	
Total Monthly Rate	20.50	
<u>Lifeline Discounts to Total Monthly Rate:</u>		
Federal Flat Rate Lifeline Support	(9.25)	<i>FCC 497: Lifeline Worksheet</i>
Company Lifeline Support	(3.50)	
Total Lifeline Service Monthly Rate	(12.75)	
Net Monthly Local Service for Lifeline Customer	7.75	

Additional Services:

Toll Blocking is free to Lifeline customers who subscribe to this service.

The company is required to include the Lifeline Service Program in their Local Exchange Tariff. The rates for basic local residential service are also contained in the Local Exchange Tariff and the rates for the federal SLC are included in the NECA Tariff No. 5. Changes to any of these rates must be approved by the appropriate regulatory agency.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Northeast Florida Telephone Company

We have audited the accompanying financial statements of **NORTHEAST FLORIDA TELEPHONE COMPANY** which comprise the balance sheets as of December 31, 2016 and 2015, and the related statements of earnings, retained earnings and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Northeast Florida Telephone Company as of December 31, 2016 and 2015, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 7 to the financial statements, Northeast Florida Telephone Company is one of several subsidiaries of Townes Tele-Communications, Inc., and there are significant related party transactions. The Company allocates costs incurred by Townes Tele-Communications, Inc., and other subsidiaries to the appropriate operating expense categories of each subsidiary. Our opinion is not modified with respect to this matter.

Shirley Rouse & Lundy, P.C.

NORTHEAST FLORIDA TELEPHONE COMPANY

Notes to Financial Statements
December 31, 2016 and 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Northeast Florida Telephone Company (NEFTC or the Company), a Florida corporation, is a wholly owned subsidiary of Townes Tele-Communications, Inc., (Parent) and is primarily engaged in providing local telephone service and high-speed internet to individuals and businesses in Baker County, Florida. The Company also provides interexchange services to long distance telephone companies and, as a member of the National Exchange Carriers Association (NECA), participates in a cost-sharing pool with other telephone companies throughout the nation.

Accounting Method

The Company prepares financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) applicable to rate-regulated public utilities. Such accounting principles are consistent, in all material respects, with accounting principles prescribed by the Federal Communications Commission (FCC) under part 32, *Uniform System of Accounts for Telecommunications Companies*.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include highly-liquid instruments purchased with original maturities of three months or less.

Accounts Receivable

The accompanying financial statements present accounts receivable at the amount management expects to collect on outstanding balances. The Company extends credit on a short-term basis; therefore, accounts receivable do not bear interest. Management reviews the collectability of accounts receivable annually based upon an analysis of outstanding receivables, economic conditions and historical performances. The Company's policy is to suspend telephone service on delinquent subscriber accounts unpaid by the 30th of the following month.

Receivables from exchange carriers are typically outstanding from 30 to 60 days before the Company receives payments. The Company charges delinquent accounts to uncollectible expense when management determines that the Company will not collect the account.

Inventories of Materials and Supplies

Inventory consists of fiber-optic cable, metallic cable, telephone equipment and materials related to the telecommunications industry. The accompanying balance sheets reflect inventories at the lower of average cost or net realizable value.

Property, Equipment and Depreciation

The Company records property and equipment at original cost and capitalizes major improvements and betterments. It charges the cost of maintenance and repairs to operating expenses when incurred.

The Company calculates depreciation using the straight-line method over the assets' estimated useful lives as follows.

Buildings and improvements
Office equipment and other
Switching equipment
Circuit equipment
Outside plant

Life

NORTHEAST FLORIDA TELEPHONE COMPANY

Notes to Financial Statements
December 31, 2016 and 2015

In accordance with the composite group depreciation method, when the Company retires a portion of its depreciable property and equipment in the ordinary course of business, it charges the original cost to accumulated depreciation.

Income Taxes

The financial statements provide for the tax effects of reported transactions and consist of taxes currently due plus deferred taxes. The Company recognizes deferred taxes for differences between the bases of assets and liabilities for financial statement and income tax purposes. The differences relate primarily to depreciable assets (use of different depreciation methods and lives).

The Company will recognize interest and penalties, if any, related to unrecognized income tax benefits in interest expense. There are no unrecognized income tax benefits included in the balance sheets.

Revenue and Cost Recognition

The Company bills monthly service fees derived from local wireline services one month in advance but recognizes the revenue in the month that it provides the service.

In general, the billings for usage sensitive revenues, such as access (revenues earned for originating/terminating long-distance calls) and long-distance revenues, are on a per-minute basis. NEFTC bills these in arrears and recognizes the revenue in the month the Company provides the service.

Interstate access revenues also include settlements based on the Company's participation in the revenue pools administered by NECA, who determines settlement revenues based on annual separations and interstate access cost studies that the Company prepared subsequent to year end. The Company estimates the related revenues based on its costs and NECA pool earnings and on other

relevant assumptions pertaining to the cost study. The studies are subject to a 24 month pool earnings adjustment period and a review by NECA.

The wireline Universal Service Fund (USF) revenue compensates the Company for the high cost of providing rural telephone service. Federal USF revenue includes funds received for high cost loop support (HCLS), local switching support (LSS) prior to July 1, 2012, interstate common line support (ICLS), Connect America Fund (CAF) and other miscellaneous programs. HCLS and ICLS are based on the Company's current relative level of operating expense and plant investment. Support from the CAF is based on historical frozen amounts related to 2011 investment and expenses associated with the switching function and certain 2011 intrastate access revenues that together make up the CAF base. The CAF base will be reduced by 5 percent each year in the determination of CAF support.

Regulation

Services are subject to the following rate regulation:

- Interstate access revenues are regulated by the FCC through its regulation of rates and settlements procedures as administered by NECA.
- Federal USF revenues are administered by Universal Service Administrative Company (USAC) based on the rules established by the FCC.
- The Florida legislature deregulated retail telecommunications in 2013. The state PSC continues to regulate wholesale intrastate access services. The FCC has assumed preemptive authority to regulate the rates for intrastate terminating switched access services and is considering also regulating the intrastate originating switched access services.

Other sources of revenue are not rate regulated and include long distance and customer

NORTHEAST FLORIDA TELEPHONE COMPANY

Notes to Financial Statements
December 31, 2016 and 2015

equipment sales, directory or other incidental services.

All operating expenses and telecommunications plant relate primarily to wireline revenues. However, some of these costs relate jointly to regulated and non-regulated services. For interstate access settlement, USF, rate case and other regulatory purposes, the Company removes the portion of these common costs related to non-regulated activities in accordance with Part 64 of the FCC rules in order to ensure that regulated revenues are based on costs of providing regulated services.

The FCC reformed intercarrier compensation and Universal Service mechanisms. The majority of the new rule took effect, subject to various transition provisions, on July 1, 2012:

- Limitations on capital expenditures and operating expenses recoverable from the USF
- Limitations on the amount of support received per line
- Benchmarks for minimum local rates charged to end users by recipients of support
- Establishment of the access recovery charge billed to end users
- Elimination of LSS
- Establishment of CAF, a new funding mechanism for investment and expenses related to the switching and transport functions
- Structured reduction of carrier access rates charged by the Company to other carriers using its network to complete long-distance calls

Taxes Enforced by Governmental Authorities

The Company's customers are subject to taxes assessed by various governmental authorities on many different types of revenue transactions with the Company. The Company charges and collects these specific taxes to/from customers and subsequently remits them to the

appropriate taxing authority. The accompanying financial statements account for these on a net basis and exclude the taxes from revenues.

NOTE 2 - PROPERTY AND EQUIPMENT

Property and equipment are as follows:

	2016	2015
Land		
Buildings and improvements		
Office equipment and other		
Switching equipment		
Circuit equipment		
Outside plant		
Accumulated depreciation		
Net plant in service		
Construction in process		
Property and equipment, net		

NOTE 3 - INCOME TAXES

The Company classifies all deferred tax assets and liabilities as noncurrent.

The deferred tax asset consists of the following:

	2016	2015
Federal		
State		
Deferred tax asset		

To calculate deferred taxes on net temporary differences, NEFTC uses a 34 percent federal tax rate and a 5.5 percent state tax rate. Deferred tax assets are shown net of a valuation allowance of [REDACTED] (2016) and [REDACTED] (2015) for net operating losses and contributions carryovers for which realization is uncertain. The Company has a net operating loss for Florida income tax of approximately [REDACTED] million available for carryforward. Net operating losses will expire from 2028 through 2035.

NORTHEAST FLORIDA TELEPHONE COMPANY

Notes to Financial Statements
December 31, 2016 and 2015

The components of income tax expense (benefit) are:

	2016	2015
Current		
Federal		
State		
Deferred		
Federal		
State		

The Company joins in a consolidated federal income tax return with the Parent and other affiliated companies. The Company files its own state income tax return. The income tax benefit represents the estimated tax expense on the separate return basis.

Federal income taxes due from the Parent are included in advances to related parties on the balance sheets and total [REDACTED] for 2016. Federal income taxes due to the Parent are included in advances to related parties on the balance sheets and total [REDACTED] for 2015.

NOTE 4 – PATRONAGE CAPITAL

As a member of the Rural Telephone Finance Cooperative (RTFC), the Company is entitled to capital credit allocations based on its volume of business with RTFC. This allocation is distributed in the form of cash and patronage capital. The retirement cycle for the unretired patronage capital certificates is currently 25 years. RTFC patronage capital certificates at December 31, 2016 and 2015, total [REDACTED]. The Company currently does not have any business volume with RTFC.

NOTE 5 – RETIREMENT PLANS

The Company participates with the Parent in a multi-employer defined benefit pension plan of the National Telephone Cooperative Association (NTCA) Retirement and Security

Program (the Program) that covers substantially all employees of the Company. The Parent funds the pension plan for the Company in conformity with minimum funding requirements and maximum deductible limitations.

The Company also maintains a 401(k) plan (the Plan). All employees who have at least six months of service with the Company are eligible to make elective contributions to the Plan. The Company does not contribute to the Plan.

NOTE 6 – OPERATING LEASES

The Company leases equipment from a related party. Lease expense included in operations for 2016 and 2015 totaled \$74,666 and \$62,018, respectively.

Future minimum lease payments will be:

Year Ending December 31,	Amount
2017	
2018	
Total	

NOTE 7 - RELATED-PARTY TRANSACTIONS

The Company is a member of a group of companies affiliated through common ownership (Group). All members of the Group are controlled subsidiaries of the Parent. Townes Tele-Communications Services Corporation (TTSC), a member of the group, provides accounting, human resources, regulatory and administrative services to other Group members. The Parent also provides services to the Group through a management agreement. TTSC allocates costs to the appropriate operating expense categories of each Group member, including the Company. Accounts payable includes a payable to TTSC of [REDACTED] (2016) and [REDACTED] (2015). Advances to related parties include advances to

NORTHEAST FLORIDA TELEPHONE COMPANY

Notes to Financial Statements
December 31, 2016 and 2015

TTSC totaling [REDACTED] (2016) and [REDACTED] (2015).

NEFCOM, Inc., is a member of the Group and owns 100 percent of Northeast Florida Telephone Company. Advances to related parties include advances to NEFCOM, Inc., of [REDACTED] at December 31, 2016 and 2015.

NOTE 8 - CONCENTRATIONS OF CREDIT RISK

The Company grants credit to its customers, considerably all of whom are residents of the service area. The Company also issues credit to the major long-distance telephone companies for access to its telephone network. After reasonable collection efforts, management writes off balances that remain outstanding.

The Company maintains cash deposits with banks that routinely exceed federally insured limits. The Company periodically assesses the financial condition of the institutions and believes that the risk of loss is minimal.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

The Parent pledged the Company's assets and common stock in accordance with its loan agreement.

NOTE 10 - LITIGATION

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business operations. In the opinion of management, the amount of liability, if any, with respect to these actions would not materially affect the financial statements of the Company.

NOTE 11 - RECLASSIFICATIONS

The Company reclassified certain amounts in prior year financial statements to conform to the current year presentation.

NOTE 12 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the auditors' report, which is the date the financial statements were available to be issued.
