Ms. Stauffer, in accordance with Section 367.171, Florida Statutes, Leon County is invoking the jurisdiction of the Florida Public Service Commission over water and wastewater systems. As a charter county, Leon County retained its regulatory authority over water and wastewater systems when the Public Service Commission was created. However, the Board of County Commissioners has determined that it is in the best interest of Leon County that water and wastewater systems be regulated by the Public Service Commission, which has adequate resources to regulate those systems.
