Information regarding the pre-transaction corporate structure of LogMeIn is provided in the second organizational chart found in **Exhibit A** attached hereto.⁴

II. DESCRIPTION OF THE TRANSACTION

On July 26, 2016, Citrix Systems and LogMeIn jointly announced the proposed combination of GetGo, Inc. ("GetGo"), a wholly owned subsidiary of Citrix Systems that holds the GoTo family of products, with LogMeIn in a Reverse Morris Trust transaction.⁵ On January 31, 2017, the parties consummated the Transaction. The combination resulted in Citrix Systems' equity shareholders receiving shares in LogMeIn that equal approximately 50.1% of all outstanding shares of LogMeIn on a fully diluted basis, while existing LogMeIn shareholders received approximately 49.9% of the outstanding shares of the combined LogMeIn company on a fully diluted basis.

In connection with the Transaction, Citrix Systems completed an internal multiple-step restructuring process involving a *pro forma* transfer of certain Citrix Systems entities to GetGo and name

⁴ Additional information regarding LogMeIn may be found in its most recent submissions of Form 10-K to the SEC, which are available at <https://www.sec.gov/Archives/edgar/data/1420302/000119312516469163/0001193125-16-469163-index.htm>.

⁵ A copy of the merger agreement was filed with the Securities and Exchange Commission on July 28, 2016 and is available online at <https://www.sec.gov/Archives/edgar/data/1420302/000119312516662447/0001193125-16-662447-index.htm>.

changes of certain Citrix Systems entities. Specifically, Citrix Systems completed a *pro forma* transaction in which GetGo acquired an ownership interest in GetGo Communications and Grasshopper. At the same time, Citrix Systems changed the name of Citrix Communications LLC to GetGo Communications LLC. The transfer of GetGo Communications and Grasshopper is subject to a transition period, during which GetGo will own the economic interests of GetGo Communications and Grasshopper and Citrix Systems will retain the controlling interest.⁶ Information regarding the ownership structure of LogMeIn following the Transaction is provided in **Exhibit B**.

Management has not significantly changed as a result of the Transaction. LogMeIn's President and Chief Executive Officer, William Wagner, and Chief Financial Officer, Ed Herdiech, will continue in their respective roles. Certain members of GetGo's management team joined the combined company. LogMeIn's board of directors now consists of nine directors: five continuing LogMeIn directors and four Citrix Systems director appointees. LogMeIn directors now include: Michael Simon, former CEO and current Chairman of the board of directors of LogMeIn, who will remain in place as Chairman of LogMeIn's board of directors post-transaction; William Wagner; Edwin Gillis; Steven Benson; and Michael Christenson. The directors designated by Citrix Systems are Bob Calderoni, Jesse Cohn, Peter Sacripanti, and David Henshall.

The LogMeIn board of directors also has formed an Operating Committee consisting of two LogMeIn directors and two Citrix Systems directors. The Operating Committee, having authority delegated by the full LogMeIn board of directors, including the authority to hire and compensate third-party consulting firms and other advisors, is overseeing the transition and realization of the synergies contemplated by the Transaction, thus providing for a seamless transition for customers, as discussed below.

III. PUBLIC INTEREST STATEMENT

The Transaction described herein will serve the public interest. In addition to the broader platform for innovation, general merger synergies, and benefits related to the integration of the GoTo family of products and services with the complementary products and services of LogMeIn, the Transaction will promote competition among telecommunications carriers and other service providers in the delivery of communications solutions for consumers and businesses.

The Transaction brings together Citrix Systems' GoTo business segment and LogMeIn, proven innovators with a shared belief in simplifying the way people connect to customers, colleagues, and the world around them. The Transaction expands LogMeIn's existing suite of communications products and solutions, thus enabling LogMeIn to deliver greater value and a wider variety of services to customers. In particular, the GoTo family of products delivers collaborative communication solutions for small and medium-sized businesses through leading products such as GoToAssist, GoToMeeting, GoToMyPC, GoToTraining, GoToWebinar, Grasshopper, and OpenVoice. LogMeIn, already a leading provider of cloud-based collaboration, customer service and support, and identity and access management

⁶ GetGo will own Class B membership units in GetGo Communications and Grasshopper (which correspond to the economic interests) while Citrix Systems will retain Class A membership units (which include the right to control the entity). Upon receipt of regulatory approvals, ownership of the Class A membership units transferred to GetGo.

communications tools, will combine and integrate the GoTo products to provide enhanced experiences and outcomes for customers of the combined company.

The Transaction entails particular benefits for small and medium-sized business and large enterprise customers of LogMeIn and the GoTo products. The integration of LogMeIn's cloud-based services with the GoTo business's innovative communications solutions will create new opportunities for these customers to benefit from a wider range of highly reliable, scalable, and customizable suite of services.

The Transaction does not diminish competition in any relevant market or otherwise harm the public interest. The Transaction poses no threat to competition because the GoTo business and LogMeIn do not compete in the provision of any regulated service. Indeed, LogMeIn itself does not hold any state licenses or authorizations and does not offer telecommunications services or any other regulated intrastate service. In any event, the marketplace for IP-based communications solutions for business customers is robustly competitive.

The Transaction has not led and will not lead to any changes to the rates, terms, and conditions of service at this time. The Transaction has been transparent to customers and will not result in the discontinuance, reduction, loss, or impairment of service to customers. Rather, as noted, it will enable LogMeIn to make available a greater variety of high-quality, innovative services to its existing, and GoTo, customers.
