Subject: "Utilities, Inc. Florida Docket No. 20160101 rate increase request."

I have been following this request for the past few months. I would like to have this reevaluated because I do not believe that this rate increase complies with the State statute that requires a rate must be reasonable and not be unfairly discriminatory. It appears that Seminole County residents will have the burden of paying \$3,858,438 million of the \$5,512,904 rate increase. That means, out of the 16 systems in Utilities, Inc. portfolio, Seminole County's 3 systems would be paying 70% of the increase. Therefore, we would be subsidizing the other systems in the State. Please reevaluate this prior to the vote on August 3.

Thank you
