Subject: Water Rate Hike

As a resident of Seminole County and customer of water monopoly Utilities Inc I am strongly against the horrifically high and unfair water rate hike awaiting approval on Aug 3. Being a senior on a fixed income as many in my community are, it is too heavy of a burden being placed on us in order to buy a necessity of life - water - from the only provider we are limited by their monopoly to using. Please look out for Florida consumers and especially us in Seminole County by denying such an enormous price increase by that "public" utility.

Diane O'Halloran
