Subject: RE: Proposed Utilities increase

Good afternoon Ebru Ural,

We will be placing your comments below in consumer correspondence in Docket No. 20160101 and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Brandy Butler

Commission Deputy Clerk I
Florida Public Service Commission

Subject: Proposed Utilities increase

To the FL Public Service Commission,

Per our earlier request, please reconsider approving the proposal to make water unaffordable for our community. I know you all heard many members of our communities challenging this alarming proposal in the spring, I just want to say passing of a few months has not changed my opinion on this matter as unfair.

The rate increase request of Utilities, Inc. Florida Docket No. 20160101 is unjust and not fair due to certain areas within Seminole County increasing up to +200% higher than the current rate. It is not sound or logical for 16 different systems to have a consolidated rate when there are so many different factors.

Please reconsider Staff's recommendation and keep water affordable for the residents and owners within our neighborhoods.

Regards,

Ebru Ural
