Subject: Utilities, Inc. Florida Docket No. 20160101

To the Florida Public Service Commission,

I believe the rate increase request of Utilities, Inc. is outrageous! Certain areas within Seminole County are proposed to increase rates up to +200% higher than the current rate. It is not sound or logical for 16 different systems to have a consolidated rate when there are so many different factors. How can rate increases exceed cost of living increases by so much? Please do NOT approve this.
