Subject: Utility Inc. Docket # 20160101

I am writing on behalf of 879 home owners in The Springs who will be among the many thousands of Seminole County residents who are being asked, in effect, to pay \$3,858,435 of the \$5,512,904 rate increase being sought by Utilities Inc. They have, for weeks, shared their shock and dismay on being singled out to pay what amounts to 70% of the proposed increase that benefits the entire state. Please convey to the commission how important it is to avoid putting them in a situation that appears to violate state law.

Thank you,

David Forthuber
