DOCKET NO. 20170009-EI
ORDER NO. PSC-2017-0303-CFO-EI
ISSUED: August 2, 2017

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S FIRST REQUEST FOR
EXTENSION OF CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 02488-15)

On April 13, 2017, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its First Request For Extension Of Confidential Classification (request) of information within SDS-8 attached to the testimony of FPL witness Steven D. Scroggs (Document No. 02488-15). This Request was filed in Docket No. 20170009-EI.

Request for Confidential Classification

FPL's original request for confidential classification of SDS-8 was granted by Order No. PSC-15-0459-CFO-EI, issued October 13, 2015. FPL states that the period of confidential classification is due to expire soon. FPL asserts that the confidential information is intended to be and has been treated by FPL as private and confidential. FPL further affirms that the information granted confidential classification within SDS-8 remains confidential, and that nothing has changed since the issuance of Order No. PSC-15-0459-CFO-EI to render the confidential information stale or public such that continued confidential treatment would not be appropriate.

FPL's request incorporates by reference and adopts the arguments propounded in its original request and includes Revised Exhibit C and Revised Exhibit D. Revised Exhibit C is a table that identifies the specific line, column, and page of confidential information, references the specific statutory basis for confidentiality. Revised Exhibit D contains the affidavit of Brenda Thompson in support of FPL's request. FPL states that SDS-8 contains information concerning bids or contractual data, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. FPL contends that disclosure of this information would violate FPL's contracts with its vendors, work to the detriment of FPL's competitive interests, impair the competitive interests of its vendors, and impair FPL's efforts to enter into contracts on commercially favorable terms. FPL argues that this information should be protected pursuant to Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records that the Florida Public Service Commission (Commission) has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the

company's ratepayers or business operations, and that has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides, in pertinent part, that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for continued classification as proprietary confidential business information. The information described above appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 02488-15 shall be granted a continuation of confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Ronald A. Brisé, as Prehearing Officer, that Florida Power & Light Company's First Request for Extension of Confidential Classification of Document No. 02488-15 is granted. It is further

ORDERED that the information contained in Document No. 02488-15 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Ronald A. Brisé, as Prehearing Officer, this 2nd day of August, 2017.
