**Subject:** Docket No. 20170009 - Oppose FPL's Unfair Request

Dear FL PSC,

Dear Commissioners,

Please reject FPL's request in Docket No. 20170009. It is unfair and unreasonable for the company to continue to pursue new reactors at Turkey Point, a project for which there is no builder, now that Westinghouse, filed for bankruptcy and is out of the nuclear construction business. FPL will not commit to build the reactors, or to a price tag., and cannot demonstrate that the reactors are in the best economic interest of their customers.

Enough is enough. Thank you in advance for considering customers' economic interest in this matter and please reject FPL's heavy-handed and unprecedented request.

Sincerely,

Sincerely,  
Lois Levin
