Hello Commissioner!

Please accept this email as a formal demand to STOP Pluris Wedgefield from increasing our water rates! We are being supplied with substandard water, unfit for human consumption, and our clothes are being bleached! We pay more for water in Wedgefield than ANY place in Orange County. They are taking advantage of us and I will not stand for this! Get them out of here and give us equal water rights and rates in line with the rest of the county!!

Thank you for your time!
