Re: Docket No: 60248-WS

My husband and I reside in Deer Creek and strongly oppose this action. The Deer Creek board seeking Passage of the Application did not get approval from the homeowners, a requirement of the covenants. The board is currently involved in numerous litigations for not abiding by the covenants. Until the Board begins to work with the entire Deer Creek community they are not equipped to take on any more Management responsibilities.

Sincerely,

Judy Lyons
