Re: Docket No. 20170148-EI: Petition for determination under Rule 25-6.115, F.A.C., and approval of associated revised tariff sheet 6.300, by Florida Power & Light Company.

Dear Mr. Donaldson:

By this letter, Commission staff requests that Florida Power & Light Company (FPL) provide a response to the following data request.

- 1) In FPL's response to Staff's First Data Request, in Request No. 5, FPL reported that during Hurricane Matthew in 2016, only 2.2 percent of FPL's underground facilities experienced outages, while 9.4 percent of hardened overhead facilities experienced outages and 13.8 percent of non-hardened overhead facilities experienced outages. Please provide the post-storm related data for Hurricane Irma, as was provided for Hurricane Matthew.

Please file your response electronically no later than Monday, October 9, 2017 via the Commission's website at www.floridapsc.com by selecting the Clerk's Office tab and Electronic Filing Web Form. Please call me at 850.413.6204 if you have any questions.

Thank you.
