## SECTION 2 - FINANCIAL INFORMATION

### Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On September 25, 2017, NextEra Energy Operating Partners, LP (NEP OpCo) issued \$550 million in aggregate principal amount of 4.25% senior unsecured notes due 2024 (the 2024 notes) and \$550 million in aggregate principal amount of 4.50% senior unsecured notes due 2027 (the 2027 notes, and together with the 2024 notes, the notes) pursuant to an indenture dated as of September 25, 2017 between NEP OpCo and The Bank of New York Mellon, as trustee, as supplemented by an officer's certificate creating the notes, dated as of the same date. NextEra Energy, Inc. (NEE) owns a non-economic general partner interest in NextEra Energy Partners, LP (NEP) and a limited partner interest in NEP OpCo. Interest on the notes is payable semi-annually in arrears on March 15 and September 15 of each year, beginning on March 15, 2018. The 2024 notes mature on September 15, 2024 and the 2027 notes mature on September 15, 2027, unless redeemed in accordance with their terms prior to such date. The net proceeds from the sale of the notes were approximately \$1,089 million, after deducting the initial purchasers' discounts and commissions and NEP OpCo's estimated offering expenses. NEP OpCo intends to use the net proceeds from the sale of the notes to repay in full the \$950 million of outstanding indebtedness under one of its subsidiaries' variable rate term loans and pay related fees, expenses and other costs and to pay off the outstanding balance of \$130 million under its revolving credit facility. Any remaining proceeds are expected to be used for general partnership purposes.

The notes are unsecured obligations of NEP OpCo and are absolutely and unconditionally guaranteed, on a senior unsecured basis, by NEP and NextEra Energy US Partners Holdings, LLC (NextEra US Holdings), a subsidiary of NEP OpCo. At any time prior to July 15, 2024, in the case of the 2024 notes, and at any time prior to June 15, 2027, in the case of the 2027 notes, NEP OpCo may redeem some or all of the notes of such series at a redemption price equal to 100% of the principal amount of the notes redeemed plus a make-whole premium and accrued and unpaid interest. On or after July 15, 2024, in the case of the 2024 notes, and on or after June 15, 2027, in the case of the 2027 notes, NEP OpCo may redeem some or all of the notes of such series at a redemption price equal to 100% of the principal amount of the notes redeemed plus accrued and unpaid interest.

The notes are subject to, among other provisions, certain change of control provisions, restrictions on incurring liens to secure indebtedness and default and acceleration provisions relating to the failure to make required payments or to observe other covenants in the indenture and related documents, certain bankruptcy-related events and certain cross-default provisions with respect to other indebtedness agreements or instruments of NEP OpCo, NEP or NextEra US Holdings.

The foregoing description of the notes and the indenture is qualified in its entirety by reference to the indenture, the guarantee agreements and the officer's certificate creating the notes (including the form of notes), which are filed as exhibits hereto and incorporated into this report by reference.
