Subject: RE: Docket No. 20170007 – Deny FPL’s request to bill customers for clean up costs

Good morning Ms. Levin,

We will be placing your comments below in consumer correspondence in Docket No. 20170007 and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Brandy Butler
Commission Deputy Clerk I
Florida Public Service Commission

Subject: Docket No. 20170007 – Deny FPL’s request to bill customers for clean up costs

Dear FL PSC,

FPL customers should not have to pay to clean up the mess at the Turkey Point plant. The company made record profits last year, and for decades the mess has been getting worse. The cooling canals have not been operating properly since the 1970’s and have created a growing underground contamination plume in the drinking water aquifer.

FPL should have addressed the problems with the leaking cooling canals long ago, but has only recently begun to consider the problem. Customers should not have to pay for decades of the company's mistakes. And the clean up plan they are proposing will not work because they are not planning to stop the pollution from leaking underground.

Please vote to deny FPL’s unreasonable request to saddle families with more costs and higher bills.

Sincerely,
Lois Levin
