

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name :

Electric Utility Provider : FPL

Zip Code : 34957

Category : Power restoration time

Comments : Took too much time to restore power. Many lines down due to trees. FPI does very little to keep trees trimmed away from the lines so the damage is widespread during storms. I lost power with wind gusts of only 70 to 80 mph two years in a row. FPL should pat itself on the back less and trim more trees.
