

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Kathleen Massey

Electric Utility Provider : FPL

Zip Code : 34956

Category : Power restoration time

Comments : I feel that power was restored a lot faster this year than in years past in general. I have also noticed that the underground wires might not be the best idea since the trees pulled the wires out in places across the State. Maybe the above ground wires are the best way to go..... I can't speak more highly of our electric service providers and the people that helped restore it during the storms.
