

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Adam Knutson

Electric Utility Provider : FPL

Zip Code : 32968

Category : Power restoration time

Comments : A less than Cat 1 Irma left people in this area without power for a week. A Cat 3 in 2007 left us in the dark for nearly 3 weeks. If Irma had struck the Treasure Coast as a category 3 storm, I am certain it would have taken nearly 3 weeks again to restore power. So a decade of so-called improvements has yielded no change in power restoration time? That math does not make much sense.
