

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Charles Lyday

Electric Utility Provider : FPL

Zip Code : 33433

Category : Power restoration time

Comments : My electric service ended 9/10; restored 9/13 from Tropical Storm (not hurricane force) winds from IRMA. Our community is served by underground service to homes and newer strong lines supported by heavy duty concrete poles. Unfortunately, vegetation has not been properly maintained under and near utility easements. FPL needs a more proactive vegetation program together with local municipalities mandating proper plantings to minimize damage.
