

Lake Talquin Baptist Church
On Mission to Reach Others and Change Lives
Milton E. Harrington, Pastor

October 9, 2017

Director, Office of Commission Clerk
2540 Shumard Oak Blvd.
Tallahassee, FL 32399-0850

Subject: Docket No. 20170171-WS

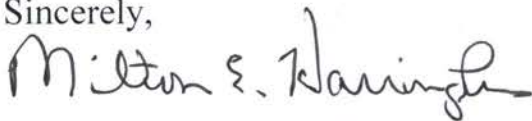

This letter is in response to written correspondence received from your office to the effect as quoted in your letter:

“Based on your conversation with Commission staff, it appears that Lake Talquin Baptist Church does not meet the definition of a utility in that it does not provide water or wastewater service to the public for compensation, and is, therefore, not subject to Commission regulation. Please provide a written response by October 27, 2017, affirming that Lake Talquin Baptist Church does not provide water or wastewater service to the public for compensation.”

This statement confirms both verbal and written inquiry that Lake Talquin Baptist Church DOES NOT provide water or wastewater service to the public for compensation.

If there is further need for discussion please call the Pastor, Rev. Milton E. Harrington, at the Church Office, (850) 576-4641. Thank You.

Sincerely,

Milton E. Harrington, Pastor
