Subject: Docket No. 20170007 – DENY FPL's request to bill customers for clean up costs @ Turkey Point!

Dear FL PSC,

FPL should have acted much earlier, when they first suspected the cooling canals had a problem. It is UNFAIR to saddle families with these clean up costs when FPL made record profits last year. Why should I pay for decades of mistakes by FPL?

The Company should find a solution that actually stops the pollution from leaking underground. Customers like me should absolutely not have to pay for FPL failing to take action earlier to stop the pollution and for a clean up plan that may not work.

FPL should clean up its own mess. Please vote to deny FPL's unfair request to saddle families with more costs and higher bills.

Sincerely,
Joan Bausch
