

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : WILLIAM HARDMAN

Electric Utility Provider : fpl

Zip Code : 34242

Category : Information provided by electric utility provider prior to the storm

Comments : I am not surprised that we lost power, since the condition of the lines prior to the storm would indicate they would not survive a storm. I contacted FPL and sent them photos of the existing power lines. They had started to replace the power line poles, but had not completed the work (which has been ongoing for over one year).
