

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name :

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 33065

Category : Other

Comments : I'm concerned that the hurricane cost recovery fees appear to be used to cover costs which could / should have been mitigated by better preventive maintenance (tree trimming, burying lines, etc). Not spending money for maintenance improves stockholder returns, but consumers get to pick up the tab for excessive recovery costs.
