Comments : Please, I think the psc need to give the consumers a break in giving FPL These many rate increases..Fpl give all of these suggestions for lowering our bills but each month I'm seeing rates of about \$12.00 monthly. How much is FPL going to continue these monthly increasrit's getting so bad that I have been exploring other states to move in about 2 more years..Please have mercy on the consumers. I know you don't care about my concern, I bet all of you PSC commissioners get a cut in your bill rates because you give FPL want they are requesting..my bill in Oct was \$204.96 now I get a bill for Nov. \$212.82..I turn off AC when I leave my house and set my AC at 78 as suggested by FPL.. Please help. Eventhough this is falling on deaf ears, please help us in Florida

Thank you
