**CONSUMER COMMENTS**

**The main break on MAXIM Pky is another area of concern for us here in Wedgefield because the only thing we see is the response to a problem, nothing dealing with pro active inspections and maintenance. It is always a response to a problem that we see something being done. There is obviously no plans for continued maintenance. Again no need to do it and we know why.**

**Long story short with PLURIS there is no need for analysis, they will just charge the customer with a rate increase because there is nothing he or she can do about it.**

**It is respectfully requested that you Public Service Commission do the right thing and help us here in Wedgefield by denying the requested rate increase.**

**Thank you for the opportunity to comment,**
