Dear Public Serv. Com.

I am ask you not to allow FPL to pass this \$200 million to the customers. It will really hurt senior citizens on fixed incomes.

My name is Florence Jackson my husband is terminally ill he has stage 4 cancer, congestive heart failure, total kidney failure and its taking every dime we get to make it. Our house needs roof which we do not have money for (know of any agencies that can and will help) He's 85 years of age and I am 77 hope you know someone to help us but please dont grant the \$200 million they're asking for to the consumers. Thanks to the hurricane we got good stamps other wise we were not eligible for between the gov ers we get app 26,300.00 to gether with insurances and daily living it takes it all. I am trying how to figure how to pay for his funeral which he said wnt far away. Thanks in advance for your help even if just reading this letter

Sincerely yours
Florence Jackson
