RE: FPL Cooling Canals at Turkey Point  
Case 2017-0007

RECEIVED-FPSC  
2017 NOV 28 AM 9:15  
COMMISSION  
CLERK

Commissioners:

I am writing to urge the Commission to reject Florida Power and Light's effort to shift financial responsibility to its customers for the critical repair of the cooling canals. The cooling canals were designed by FPL, are owned by FPL, and FPL's duty to repair under its license. The customers do not have the responsibility to maintain them. Customers simply buy power from FPL.

I urge you to please not allow FPL to shift the cost to consumers.

Sincerely,

  
Joni Goodman
