COMMISSION
CLERK

RE: FPL Cooling canals at
Turkey Point
Case # 2017-0007

I am writing to urge the Commission to reject Florida Power and Light's effort to shift financial responsibility to its customers for the critical repair of the cooling canals. The cooling canals were designed by FPL, are owned by FPL, and FPL's duty to repair under its license. The customers did not design, own or maintain them. Customers only buy power from FPL. ~~Customers~~
