To Whom it May Concern:

I am writing in regard to the clean up of Turkey Point. I can't see any reason why the cost of this clean up should be paid for by South Florida consumers. As it is the bills keep getting higher, although I used less energy per day than last year. It is outrageous to keep passing on expenses such as these to the consumers, FPL customers. The docket number for this case is 20170007. Many of us are on Social Security, and this is an additional expense which we cannot afford.

Thank you for your attention to this matter,

  
Marilyn Peterson
