**CONSUMER COMMENTS**

**A Water Softener, a Main Break on Maxim, an Office building, and Electronic water meters are the reason for the requested rate increase. None of which was requested by the customers. And in the mean time the sinking manhole cover on Melville continues to worsen as time goes on. No preventive maintenance program. Just respond to problems when they become too big to hide.**

**It is respectfully requested that you the Public Service Commission do the right thing and help us here in Wedgefield by denying the requested rate increase.**

**Thank you for the opportunity to comment,**
