Issue 2: Should this docket be closed?

Recommendation: The docket should remain open pending staff's verification that the revised tariff sheets and customer notice have been filed by the utility and approved by staff. If a protest is filed within 21 days of the issuance date of the Order, the tariff should remain in effect with the charge held subject to refund pending resolution of the protest. If no timely protest is filed, a consummating order should be issued and, once staff verifies that the notice of the charge has been given to customers, the docket should be administratively closed.
